

## **The Best Video Ever! by DC**

My name is Dillon. I am ten years old. I want to make a Youtube video.

My friends Emily and Owen are going to help me. We are in my bedroom thinking of ideas. Owen was arguing about what we should play. Emily was saying "Stop it!".

We decided to spin the wheel to choose which game to play. It landed on Minecraft. Emily, Owen and me played the game. We builded a house.

I was the talking person. The person who talks about what we were doing in the game. We were very happy we built house. We had a party in our house. We had dancing, cake, hats and a big party ball. It was the best Youtube video ever! My dream of being a Youtuber came true.
